HAND SANITIZER

INSTANT HAND SANITIZER: Oriley Instant Hand Sanitizer is a 70% Isopropyl Alcohol based palm cleanser that remove grems from your hand to keep you safe from all kind of infection causing possibilities whether you're indoor & outdoor

FOR ALL PURPOSE & PLACES: Whether you're at home or on the job, the offered alcohol-based instant hand sanitizer can be used anywhere you need it most. Ideal for hospital, school, offices, gyms and more. Includes a convenient flip- cap to personal items from leaks, spills or drops.

WATERLESS, NON-STICKY & NON-IRRITATING: You don't have to keep water, soap or anything else to disinfect your hand quickly as it does not need any rinsing with water or drying with towels. Moreover, the offered hand sanitizer is free from any ingredient that may irritate your hands.

LONG-LASTING PROTECTION: It will offer you long-lasting protection so you won;t have to apply it repeatedly on your hand. Besides, it is a 70%v/v Isopropyl Alcohol based concentrated formula so even a bottle of this hand sanitizer will go a long way for your hand sanitization.

DIRECTION FOR USE: Take out an appropriate amount (2-3ml) of hand sanitizer to moisten your palm and rub for 10-15 seconds front back to front & in-between your fingers until the liquid covers your hands & dries. Do not wash with water.
